Welcome

Welcome to USA Youth Education in Shooting Sports.

As a member of USA Youth Education in Shooting Sports Organization (USAYESS) you are participating in the most inclusive Youth Competitive Shooting Program in the country. USAYESS is a Youth Development Program that develops positive life skills through the safe handling of firearms, wildlife and wildlife habitat conservation programs, competitive shooting sports, and other outdoors programs.

There are many benefits of becoming a member of USAYESS, but you do not need to belong to USAYESS to participate in our events. USAYESS has a formal partnership with; MidwayUSA Foundation, and other organizations that promote youth marksmanship and outdoor activities.

USAYESS was founded in 2012, and is the only all-inclusive national youth outdoor program which offers all six of the major shotgun disciplines. USAYESS introduces educational outdoor conservation activities to youth in elementary school through high school. With industry partnerships and other relationships across the country, the total number of young shooters that USAYESS reaches is in the thousands.

In addition to running outdoor programs, USAYESS is a 501 (c) (3) educational foundation that raises funds and other resources to support youth shooting programs and outdoor conservation activities. Our premier partner, MidwayUSA Foundation has always been, and continues to be a very consistent financial supporter of USAYESS and other youth and collegiate outdoor and shooting programs. Because the shooting and hunting industry understand that today's youth are the future of our sport, we enjoy tremendous support from the industry. We understand that by working together we can make a difference.

The backbone of the USAYESS is without a doubt the athletes, parents, family members and volunteers that organize and run the program on a local and state level with assistance from the national foundation. The success of any youth program depends on dedicated and passionate volunteers working in a leadership and guidance role. The amount of time, energy, and financial resources that these dedicated individuals contribute to the program is staggering, and USAYESS sincerely appreciates and respects their efforts. The adults in our program quickly understand why it's worth the effort when they meet the wonderful athletes that our program produces. The youth that participate in USAYESS are among the finest examples of America's youth, becoming the next generation of citizens and leaders who will shape the future of our state and nation. With this goal in mind, the work of our volunteers is very important and highly rewarding.

In closing, this is your program, meaning that it is not controlled by the national organization. USAYESS has no agendas, does not favor any state, region, company or organization. We are simply here to serve and support the athletes and adult volunteers. If it is important to you it is important to us!

Thank you for your interest. Why not get a team started today?

Sincerely,

All of us at USA Youth Education in Shooting Sports

USAYESS Program Information

THE FOUNDATION

USA Youth Education in Shooting Sport Foundation (USAYESS) is a 501(c) (3) non-profit educational foundation. USAYESS provides the administrative support and guidance for its teams and members. USAYESS receives major funding from Larry and Brenda Potterfield, Midway USA, Midway USA Foundation, Industry Partners, other corporations and organizations.

GOVERNING BODY

USAYESS is governed by a Board of Directors which is made up of individuals who have hands on experience in youth shooting programs. The Board of Directors is assisted by the State Advisory Committee. The committee is comprised of the President of each state's partner, or a state appointed representative. USAYESS believes that USAYESS's role is one of support, and to serve at the direction of its members and/or operates from the bottom up. The role of the national foundation is as the national governing body to affiliate/partner state organizations. WE ARE HERE TO SERVE YOU!

STATE FOUNDATIONS AND OR ASSOCIATIONS

USAYESS encourages each state to have its own youth shooting sports foundation, for example, the Washington Youth Shooting Sports Foundation (WAYESS). We strongly suggest and offer assistance to states interested in developing their own websites. The role of the national foundation as the national governing body to affiliate state organizations is to implement, grow, support, and keep structure within both the national and state organizations. Each state should have a goal of being financially self-sufficient and help build brand recognition. USAYESS recommends that the board of directors be no more than five, have no executive committee, and have an advisory committee consisting of the head coach of each team in the state.

In order for a state organization to be considered as a USAYESS State partner, the state should have a minimum of five (5) USAYESS registered teams, with a minimum of five (5) athletes per team. The state must host one (1) annual State YESS Jr Clay Target Championship consisting of American Skeet, American Trap and Sporting Clays. Where available, International Skeet and Trap Singles may be included as separate events. States may not require its members to become members of any national governing body, may not host registered youth tournaments, and ensure that all youth tournaments are stand-alone events. Tournaments must be open to all youth organizations which have a competitive shooting program. The states may charge non-USAYESS member fees at their events. The state should, if invited, have representation at the MidwayUSA Annual State Partner Conference and participate in the annual USAYESS State Partner and Affiliate phone conference. The state organization must promote USAYESS and show annual USAYESS program growth. States are also encouraged to host one annual Family Outdoor Experience event and one annual team Break-A-Clay day fundraiser.

MISSION STATEMENT

To use hand-on events, shooting sports, wildlife and habitat conservation programs to introduce and educate young people about safe firearm handling, and outdoor activities that they and their families can share together for a lifetime.

VISION:

USA Youth Education in Shooting Sports is dedicated to growing youth competitive shooting teams primarily through partnerships with Key Conservation Groups as well as local, state, regional, and national competitive youth shooting organizations.

PHILOSOPHY AND VALUES:

Today's youth are the caretakers of the future. Therefore, it is important that young adults and their families be exposed to and develop an understanding of responsibility to the outdoors. USAYESS provides events that showcase safety of equipment, and outdoor activities in a fun filled atmosphere. USAYESS will ensure the transformation and educational potential of student athletes with opportunities to practice and compete on a level playing field, and we are committed that those athletic opportunities involve new skills, developing individual goals, planning, potential, and fostering an appreciation of collaboration and teamwork in the competitive arena of athletics. Our member athletes are students first, and foremost.

The well-being of our student athletes is first and foremost. USAYESS strives to develop programs and events that encourage boys and girls to develop camaraderie, practice habits of mind and body that encourage healthy living, and learn valuable life lessons. Every member will strive for excellence in all programs and events; however, we recognize that an excessive emphasis on winning can corrupt true learning and academic values. USAYESS believes that both victory and defeat teach valuable life lessons.

Athletes are students first and athletes second. We hope that athletic competition fosters respect for others, sportsmanship, competition, teamwork, perseverance, and leadership. The priority of our program is to develop educated young men and women of character who are transformed by their experience in athletic competition and then transfer lessons they learned on the athletic fields to lives of service to others.

PROGRAM DESIGN

Youth from elementary grades through high school are eligible to participate in various safe, educational, and enjoyable programs. USAYESS has a program for just about anyone. The Family Outdoor Experience is designed to introduce the entire family to the wonders of shooting sports and outdoor life. USAYESS Youth Clay Target Cup Series offers a competitive shooting environment in American Skeet, American Trap, Sporting Clays, 5-Stand, and International Trap and Skeet. USAYESS competitive programs are ideally suited for school sponsored teams, and club teams. There is no other sport that is safer or offers the "level

playing field” for gender participation as the shooting sports. USAYESS is a perfect fit for youth organizations such as 4-H, FFA, PAL, Scouts, and Youth Clubs, etc... Any youth organization, which has a competitive shooting program is welcome to participate in USAYESS events, membership is not a requirement.

ADULT LEADERSHIP

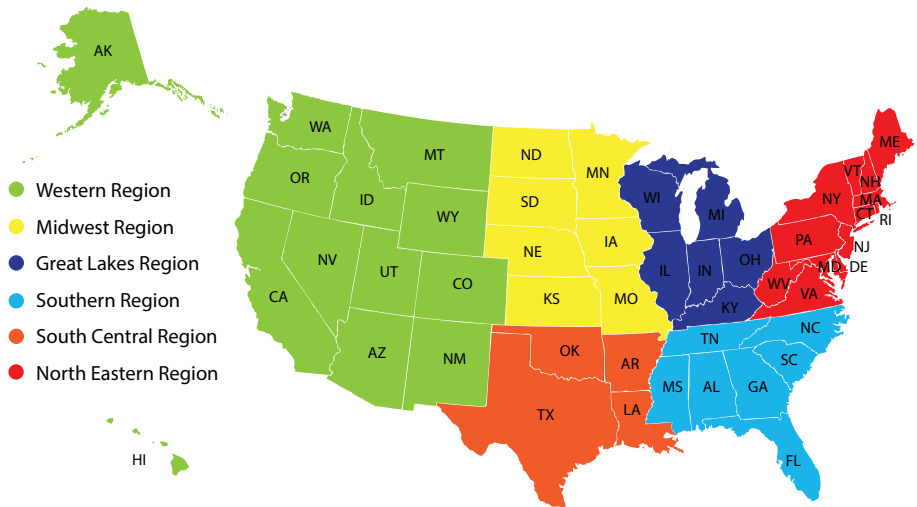

The program is led by trained and dedicated adult volunteers who are committed to providing, promoting, and encouraging opportunities for young athletes to participate in a high-quality team-based sport or activity. USAYESS coaches and volunteers take the role of being a good role model to athletes very seriously. All adult volunteers who have direct contact with athletes must submit to an annual comprehensive background check. Volunteers are expected to emulate and uphold high moral and ethical standards of personal conduct.

SPORTSMANSHIP

It is important that everyone involved remembers that the priority of all USAYESS programs is to teach positive life skills in young adults. Even though winning is important, winning ethically and with integrity is more important.

Playing by the rules, exhibiting good sportsmanship, and being a responsible Team Member, are the bedrock values of USAYESS. It is the DUTY of everyone involved in USAYESS – Coaches, Parents, Family members and Athletes - to set good examples.

USAYESS REGIONS

Glossary of Terms & Abbreviations

ACUI:	Association of College Unions Internationals ACUI organizes and runs the national collegiate shotgun program.
ATA:	Amateur Trapshooting Association The ATA is the NGB for American trap
Certified Coach:	A certified coach is an adult 21 year old who has taken an approved coaches course, passed the USAYESS background check, is registered with USAYESS, and covered by the liability and medical insurance
Assistant Coach:	An Assistant Coach is an adult who is at least 18 years of age and has taken a coaches course.
Head Coach:	The head coach is a certified coach who is responsible for the team.
ISSF:	International Shooting Sports Federation
NASP:	National Archery in Schools Program NASP is a national archery program based in public and private schools
NGB:	National Governing Body A NGB is an organization that is nationally recognized to represent a specific discipline or group of athletes and coaches.
NSSF:	National Shooting Sports Foundation NSSF is the national trade association for the hunting and shooting industry.
NSCA:	National Sporting Clays Association The NSCA is the NGB for sporting clays and FITASC
NSSA:	National Skeet Shooting Association The NSSA is the NGB for American Skeet
USAS:	USA Shooting USAS is the United States NGB for Olympic Shooting Sports.
USAYESS American & International Competitive Divisions:	Novice: 5th grade and below (dependent upon maturity, and coach's approval) * Intermediate: 6th through 8th grades * Jr. Varsity: 9th grade and first-time competitors in high school * Senior: 10th 12th (no bump-ups into the collegiate division)

College: Freshman through Senior (fulltime college undergraduate. Includes: Community Colleges, Colleges, Universities, and Trade Schools) **

*Athletes in this division, may be bumped up into the next higher division.

** USAYESS state partners and or affiliates are highly encouraged to host collegiate state championships as separate events, in conjunction with their grade school tournaments. College athletes may not compete against grade school athletes. As a partnership with ACUI, and bridge to college clay target sports, USAYESS does not host any Regional or National collegiate championships.

USAYESS Member: USAYESS Member: USAYESS Member: A member is defined as a person who's membership dues of **\$35 plus bank charges** are current and paid in full. Only current and paid members qualify for Member discounts and Insurance. Membership dues are non-refundable. Membership runs October 1 through September 30. In order to accommodate high school's registration opens August 1.

USAYESS Team: A USAYESS team consists of an adult Head Coach and two or more athletes. All athletes who practice under the Head Coach are members of the team. An athlete may shoot on behalf of only one team in any given shooting year. Team members must regularly practice together and should live in the same geographical region.

USAYESS Competitive Squad: A USAYESS legal competitive squad in the events of; Americans Skeet, American Trap and Sporting Clays will of consists of five (5) athletes from within the same division. A squad is assembled by the team's Head Coach. A team may field an unlimited number of squads. A competitive squad is a squad which competes together on the same day, same time, and same field of play.

There is no squadding in International events. These events are individual events per ISSF rules. Squadding is luck of the draw by computer.

USAYESS: Youth Education in Shooting Sports

USAYESS Disciplines: American Style: American Skeet, American Trap, Sporting Clays, and Five Stand. International Olympic Style: International Skeet, International Trap (Bunker).

General Program Policies & Procedures

These rules are set forth to ensure the safe and equitable treatment of all USAYESS participants. The athlete's enjoyment and safety is our number one concern.

PARTICIPANT ELIGIBILITY

ATHLETE ELIGIBILITY

The program is open to all school-age boys and girls in 5th grade through college if not prohibited by local or state law. Participants must be physically, mentally and emotionally mature enough to participate in a safe and responsible manner. USAYESS's program eligibility ends after graduation from high school, or once a student reaches his or her 19th birthday, whichever comes first. A graduating senior is allowed to participate for the remaining part of the year that they graduate from high school in regardless of age. Collegiate participants must meet the following academic and eligibility requirements:

COLLEGIATE PARTICIPANT ELIGIBILITY

1. Athletes must have a college valid I.D.
2. Athletes should not be considered a professional shooter/athlete in any shooting sport (this includes receiving a salary or other payment to shoot as a part of a job. This does not apply to competition, tuition reimbursement, or equipment funding).
3. Athletes must abide by the USAYESS Code of Conduct.
4. Athletes must abide by the USAYESS dress code in effect.

ACADEMIC ELIGIBILITY

The Athlete must be academically eligible to participate. The athlete must be passing all of their courses as required by their school to participate in local, state, regional, or national events.

1. All participants must meet eligibility criteria established by their school.
2. All participants are limited to six years of eligibility. Students enrolled at two-year institutions are limited to three years of eligibility; if they transfer to a four-year school, six years total.
3. All participants must be enrolled as of the academic term in which they qualified for or are competing in the program for at least nine credit hours (six credits for graduate students) and must complete six credit hours between all program appearances.

DIVISIONS

Athletes are allowed to be bumped up one division for a tournament. Once bumped up the athlete must compete in that division in all individual, squad and team events. Once the tournament is over, the athlete may be moved back to their legal division. Once bumped-up for a tournament, the athlete will remain in that division throughout the entire tournament, for all competitions, including the individual, squad and team categories. The bumped-up athlete may, after the tournament, be moved back into his or her original grade division. In the event that the athlete's school grade is beyond their age, for safety, the athlete may be required to compete in the normally accepted age group. All athletes shall compete in their current grade until the new school year begins. No bump-ups into the college division.

Novice: 5th grade and below (dependent upon maturity, and coach's approval) *

Intermediate: 6th through 8th grades *

Jr. Varsity: 9th grade and first-time competitors in high school *

Senior: 10th 12th (no bump-ups into the collegiate division)

College: Freshman through Senior (fulltime college undergraduate. Includes: Community Colleges, Colleges, Universities, and Trade Schools) **

CODE OF CONDUCT

Each registered USAYESS participant, whether Athlete, Coach, or Adult Volunteer, represents not only USAYESS, but also the entire USAYESS Program including one's team, the team's sponsoring institution (e.g., school, club, church, community organization, youth organization, etc.), and their state. Promoting a positive image is in the best interest of the USAYESS and everyone involved with it. Appropriate behavior and dress for everyone associated with USAYESS goes a very long way in making a positive impression.

THE CODE FOR LIVING

LIFE PRINCIPLES LEARNED THROUGH SPORTS

Because I am a role model and have the opportunity and responsibility to make a difference in the lives of others, I commit to this Code.

I will take responsibility and appropriate actions when I fail to live up to it.

As an individual:

I will develop my skills to the best of my ability and give my best effort in practice and competition.

I will compete within the spirit and letter of the rules of my sport.

I will respect the dignity of every human being, and will not be abusive or dehumanizing of another either as an athlete or as a fan.

As a member of a team:

I will place team goals ahead of personal goals.

I will be a positive influence on the relationships on the team.

I will follow the team rules established by the coach.

As a member of society:

I will display caring and honorable behavior off the field and be a positive influence in my community and world.

I will give of my time, skills, and money as I am able for the betterment of my community and world.

ALCOHOL AND ILLEGAL DRUGS

The use of illegal drugs is strictly prohibited by any USAYESS athlete.

The consumption of alcohol by USAYESS athletes under the age of 21 is strictly prohibited. No illegal drugs and or alcohol are allowed at any USAYESS sanctioned event or on any property where a USAYESS sanctioned event is being held. Violating this rule may result in immediate disqualification from an event without appeal or refund of any entry fees. In some cases this rule could also result in total suspension from the program.

TOBACCO USE

The use of tobacco in any form is strictly prohibited at any USAYESS event or practice by athletes and use by adult volunteers is strongly discouraged. The use of tobacco product by anyone under the age of 18, at any time may result in suspension from the program.

DRESS CODE

Team uniforms are highly encouraged.

TOPS – The sleeves must be at least four (4) inches long. Items of clothing that expose any part of the torso are prohibited. These include, but are not limited to, cutoff T-shirts, halter tops, tank tops, etc.

BOTTOMS – Shorts may not be shorter than fingertips. Leggings may be worn, but must be athletic leggings. No tights. Short and low riding pants revealing undergarments or buttocks are prohibited. Shorts and slacks must be worn at the waist.

CLOTHING ADORNMENTS

Shirts, hats, pants – any clothing – and any other associated items such as shooting bags or gear with pictures, caricatures, designs, messages, writings, or other embellishments with direct or indirect references to alcohol, politics, tobacco, sex or sexual connotations, drugs, gambling or profanities are prohibited. Military style camouflage, attire is strictly prohibited. Pants may not have any style camo. If in doubt, send a picture of uniform to USAYESS national office for approval. Dress neatly and respectfully. Colorful and fun designs are highly encouraged.

SHOES

Shoes must be closed toe and have full backs. Flip-Flops and sandals are not allowed.

HATS

Hats must be worn with the bill of the hat in the front unless it interferes with the competitors shot. If that is the case the hat may be turned around for the shot and returned to the forward position immediately after the station is completed.

RECREATIONAL VEHICLES

Drivers must have a Department of Motor Vehicles issued driver's licence. All passengers must be seated inside the vehicle.

SAFETY

FIRST THINGS FIRST

The top priorities of USAYESS are; safety, and fun. Safety is everyone's responsibility. The

WILD SHEEPTM
Foundation

*Check website for current matching rates.

assured reliance on character, ability, sportsmanship, ethical behavior, dignity, respect, and truthfulness for each and every USAYESS member will help create an entrusted safe environment that everyone will enjoy. Every USAYESS event will conduct a safety meeting prior to the start of the event. Should an athlete not be able to finish a tournament or event due to illness or injury, they are required to provide the team's head coach with a signed doctor's release before they are allowed to resume participation with the team.

EYE & EAR PROTECTION

Eye and ear protection are required. Headphones are not considered ear protection. Should ear protection have headphones embedded in them, they must be unplugged and the cord hanging outside the clothing. Eye protection must be safety rated. No release triggers and no toe-pads.

HAT SHOOTING

Club approval must be obtained in order for athletes to shoot their first hats. Any hat shooting must be conducted at the end of the day's events, at the same field and under the supervision of at least one adult.

INCLEMENT WEATHER

In the event of inclement weather before or during League events, coaches should make safety their first priority. Rain is not inclement weather. When lightening is observed or thunder is heard, the event must be suspended. The occurrence of lightning or thunder is not subject to interpretation or discussion. Lightning is lightning; thunder is thunder. Athletes and support personnel shall be moved to appropriate indoor facilities. Spectators shall be advised of the action being taken and to seek shelter. Athletes shall not return to the field until lightning has been absent from the local sky and thunder has not been heard for thirty (30) minutes.

In the event of an unexpected delay (beyond two (2) hours), shoot management/committee will evaluate the situation, and make the necessary adjustments that they perceive to be fair to the majority of the shooters.

MATS = MUZZLE, ACTION, TRIGGER, SHELLS SAFETY

Eye and ear protection is required for athletes, coaches, parents, and spectators who are forward of the shooting line. It is highly recommended that states require that electronic ear protection be unplugged and the cord hanging down the shooters back on the outside of their clothing when on the firing line. At all USAYESS sanctioned tournaments, electronic ear protection must be unplugged and the cord hanging down the shooters back on the outside of their clothing.

MUZZLE

Muzzles must be pointed in a safe direction at all times. The safest direction is down range. At no time should any part of the body, including the toe, be in front of the muzzle. Guns should be carried as follows: break opens must be broken open and muzzle pointed forward and down. Semi-autos and Pumps must be pointed skyward, muzzles above the head.

Should the above rule be violated a first warning will be issued. The second warning will result in a one target deduction for the athlete. Should there be a third occurrence the athlete or team may be disqualified.

ACTIONS

If the shooter is not in the shooting station the gun must be empty and the action of the gun must be open and out.

TRIGGER

A shooter's finger must be off the trigger until they are ready to call 'Pull'. Release triggers are not allowed at any USAYESS sanctioned tournament.

SHELLS

A shooter may not load the gun until they are on the shooting station or in the cage. An athlete must make sure they have the proper ammunition for the gun. In the event of a miss-fire keep the muzzle pointed in a safe direction and wait 15 seconds before opening the gun. In the event of a hang-fire check the barrel for obstructions before taking the next shot.

TREAT EVERY GUN AS IF IT WERE LOADED AT ALL TIMES.

TEAM ORGANIZATION

TEAM STRUCTURE

Each team should be managed by its own athletes. The athletes should form a board consisting of at least three (3) board members; a president (team manager), treasurer and secretary, and have their own set of Articles and By-Laws. The team should also have a historian who will be responsible for all social media, press releases, and photographs.

ADULT TO ATHLETE RATIO

It is recommended that the volunteer to athlete ratio be 1:10 (one adult for every ten athletes). A team may have an unlimited number of athletes and squads.

COMMUNITY INVOLVEMENT

Each team, and all its athletes are expected to become involved in some type of community activity and or support their local conservation group chapter.

LIABILITY AND MEDICAL INSURANCE

As a registered adult or athlete of USAYESS the individual is covered by the most comprehensive liability and medical insurance coverage available to any youth shooting program in the country. To be eligible each person must individually register and pay the appropriate registration fee with USAYESS, this includes the athletes. Participants can receive details and proof of insurance by contacting the USAYESS National Office.

Only USAYESS members whose membership is current and paid in full have insurance coverage through USAYESS.

No state affiliate or team may use any USAYESS logos or the likes thereof or mention in any mention USAYESS in any literature, marketing material and or promotional material in any way, when hosting a non USAYESS supported event and or tournament.

Events with no USAYESS member participation will not be supported by USAYESS.

REQUIRED FORMS

The Head Coach or the coach in charge must personally have access to a copy of the Medical Consent Form and Athletic Safety Pledge Certificate with the original signature anytime the team is practicing or competing. It is recommended that the required forms be kept in a master team notebook.

SHOOTING YEAR

The USAYESS shooting year runs from October 1st to September 30th of the next year. Registration opens August 1st for the new year, and closes May 1st.

REQUIRED TEAM PARTICIPATION

USAYESS encourages teams to participate in as many events as is financially feasible. The team should support local events first, then state events, then regional events, and finally national events as funding and time allows. There are no team participation requirements. This is up to the team's head coach in cooperation with the other adult volunteers.

TEAM FUNDING

Teams are responsible for their own funding, including practice, travel, and shoot fees. Please visit MidwayUSA Foundation at www.midwayusafoundation.org to find out how teams may generate both short and long term funding. A team can contact the USAYESS office at any time for help and suggestions with fundraising ideas. The national office will always be willing to help the coaches and volunteers to ensure the success of the program. USAYESS will not tolerate welfare teams. Each team and its members are expected to contribute to their team by participating in team fundraising and utilizing the MidwayUSA Foundation raffle programs.

HEAD COACH

Every Team MUST have a Head Coach who is 21 years of age or older. The first and foremost responsibility of the Head Coach is to ENSURE THE SAFETY of all participants. This includes making sure that athletes are treated in a respectful and professional manner. Head Coaches must emphasize the safe handling and use of firearms in every facet of USAYESS and must be willing to conduct regular practices. The Head Coach is the individual responsible for communication between the state organizations, and or the national office. The head coach represents and speaks for everyone involved with the team. The Head Coach is also ultimately responsible for everything that occurs at the team level; including the behavior of the team's volunteers and athletes at all times. All head coaches must be certified by a USAYESS recognized shooting organization. Current recognized coaching courses are USAS/NRA/CMP Coach Certification, NSCA Instructor Certification, NSSA Instructor Certification,

NRA/ATA Trap Coach Certification, NRA Shotgun Instructor Certification, 4-H Shooting Sports Shotgun Certification or the USAYESS Shotgun Coach Certification Course. Certification or a USAYESS approved state affiliate approved Firearm Safety Course. Failure to have a certification within one year will result in the loss of head coaching status and liability and medical insurance coverage. The team must be under the control of a certified coach at all times during practice or events. Head coaches must have the recommendation of the state youth shooting committee.

To allow prospective participants and other teams to communicate with the head coaches the head coaches' contact information will be posted on the USAYESS web site. This information will be sorted by state and will include name, e-mail address, telephone number, shooting disciplines, and city.

TRAVEL

Should the head coach of a team not be able to travel to or attend an event, the team and or individuals may travel and attend a tournament under the supervision of a registered assistant coach or a coach/assistant coach from another team. Please ensure that enough adult volunteers are on hand to ensure the safety of all athletes. Athletes may travel to or attend tournaments with their parents or legal guardian.

ASSISTANT COACHES

The head coach may appoint as many assistant coaches as necessary to effectively run the local program. The recommended athlete to coach ratio is 5 to 1. Before the head coach can allow an assistant coach to run a practice the assistant coach must have obtained one of the recommended coaches' certifications, passed the background check, and is covered by the USAYESS liability insurance.

ADULT VOLUNTEERS

It is strongly recommended that all parents of the team's athletes be involved in supporting and helping the team. Getting non-shooting parents involved in fund raising, organizing, making travel arrangements, supplying refreshments, helping with an open house, helping to support and run a local shooting event, or other support activities is important to take the load off the head coach and assistant coaches as well as insure the continued success of the local program. Any adult volunteers must pass the background check.

BACKGROUND CHECKS

Being an adult volunteer with USAYESS is not a guarantee. All volunteers must be in good standing with their team, their state organization and the national organization. All adults whom have direct contact with USAYESS athletes regardless of any prior background checks and or athlete harassment courses, must submit to an annual USAYESS background check and go through an annual Athlete Harassment Course. The background check and Athlete Harassment Course are both an automatic part of the registration process and must be completed before the liability and medical insurance is valid.

ATHLETES

The backbone of USAYESS is the athletes that we serve. It is important that athletes are treated in a courteous and professional manner. Winning at all cost has no place in the USAYESS program. Adult volunteers must always remember that USAYESS is a youth development program that uses the shooting sports as a way to teach positive life skills. Adult volunteers must demonstrate the behavior they expect to see from the athletes.

TEAM EXCLUSIVITY

An athlete may represent only one team in any given shooting year. Once the athlete registers with a specific team, that registration is binding for the remaining of the shooting year. The registration may not be revoked or changed. The only exceptions are: the family moves or the athletes and or parents request a team change with in their geographical residency. In both cases an Athlete Team Transfer form must be completed. Athletes transferring to a different team, must complete a USAYESS Athlete Transfer form which is located in the Team Registration section on the USAYESS website. Once the transfer is approved, the athlete must remain with the new team for the remainder of the year. Should athletes from different youth organizations decide to form a USAYESS team within their geographical area, they may do so unless those same teams are also USAYESS team members.

PRACTICES

The athlete must practice with his or her team a minimum of five (5) times to be considered part of the team and to be eligible to compete at state, regional, or national events. The five practices must take place at the team's home shooting range. In the event that the athlete lives more than 50 miles away from the team's home shooting range documentation of practices will be required.

ATHLETE SUSPENSION

If an athlete is suspended by another nationally recognized shooting organization the suspension will also apply to USAYESS. The athlete may appeal in writing to the USAYESS board of directors. A \$100 fee must accompany the appeal. If the appeal is found in favor of the athlete the \$100 fee will be returned.

SCORE SHEETS

Referees have the final say in scoring. Parents, coaches or relatives are not allowed to comment or interfere with rulings. Should there is a concern, the athlete has the right to stop play and discuss a call, and or call for a chief referee. In any case, the chief referee has the final say, and there will no further discussion. All scores and score sheets must be verified, and signed after every round and at the end of the 100th target by the athletes. Once the score cards leave the field of play, the score stands as written. There will be no protests allowed.

TARGETS

Targets may be viewed prior to starting a round by the first shooter as stated by NGB

rules. Should targets go off standard flight path, during competition, and may be deemed not a legal target, any competitor or the referee on the field of play may stop play, and have targets and or machines checked and if needed adjusted. Any targets shot at are scored as hit or miss, period. Targets, stations and or rounds shot, can not be re-shot.

ASSIGNED FIELDS

Squads must shoot on the field assigned, unless there is a malfunction with the traps, and traps can not be fixed within 10 minutes. If the squad is moved, they must start where they left off.

TEAM REGISTRATION

PROCEDURES

Registration is done online at www.usayess.org/registration.html. After clicking on the link simply follow the online instruction to complete the registration process. If you are having issues with registration contact the national office. All participants must re-register at the beginning of each shooting year. A \$35 fee will be applied to any; member requesting to change teams, or team name changes.

TEAM IDENTIFICATION NUMBERS

The Head Coach must register first and create the team. The team is then assigned a team identification number. After receiving this number the assistant coaches, adult volunteers, and athletes will be able to register. The team identification number is assigned permanently to that team and will be used from one year to the next. At the beginning of each shooting year the team identification number is made inactive until the head coach re-registers the team.

ATHLETE EQUIPMENT

SHOTGUNS

Any modern shotgun action type, 12 gauge or smaller, may be used as long as it is in a safe and serviceable condition. Not allowed are older shotguns with hammers that require being pulled back. Shotguns used for all disciplines, except Trap, must be able to shoot twice without requiring it to reload. Release triggers are not allowed at any USAYESS sanctioned events.

SHOT SHELLS

Consult the appropriate NGB rule book for allowed ammunition. Reloads are allowed for practices and competitions, provided they comply with the appropriate NGB's rule for velocity, shot size, and weight of shot. Local ranges may have standards that are more restrictive than the appropriate NGB.

As hard as we tried, this entire Briley tube set will not fit on this page.

But then again, neither will the list of champions who use them.

In all fairness, we've been making tube sets for so many years, (over 35, actually), our list of winners *should* be that long. With their gleaming steel, bright anodized colors and laser-etched parts, Briley tube sets are just flat beautiful. But that beauty is far from just skin deep.

The list of features exclusive to Briley tubes is long, but the high-points include:

- Easy choke exchange,
- Supreme concentricity for superior shot distribution,

- The option to use extended chokes, and
- Far-and-away the best warranty in the the business.

So, if you're in the market for a tube set that will fit *your* game, give us a call or visit our showroom at:

GOVERNANCE OF THE USAYESS PROGRAM

USAYESS NATIONAL ORGANIZATION

As the national governing body, the USAYESS national program staff handles the administration of the USAYESS Organization. USAYESS is committed to optimizing participation opportunities for USAYESS Athletes. The National Staff is controlled by the USAYESS Board of Directors and the USAYESS Advisory Council.

USAYESS NATIONAL STAFF

EXECUTIVE DIRECTOR

The chief executive officer is the Executive Director. The executive director is responsible for the day to day operations of the national program. The executive director may hire consultants or other professionals from time to time to help with the administration of the national program.

REGIONAL DIRECTORS OF DEVELOPMENT

There are four geographical regions in the USAYESS national organization. Each region will have a regional director of development RDD. The primary focus of the regional director is to grow the number of USAYESS states and the number of teams in those states. The RDD is an independent contractor working on behalf of the USAYESS.

USAYESS STATE ORGANIZATION

STATE YOUTH EDUCATION SHOOTING SPORTS ASSOCIATION

USAYESS recommends that each state form a state youth education shooting sports association with 501 c (3) status. The state committee is responsible for operating the program at the state level including fundraising and sponsorships. This includes but is not limited to the administration of the state program, organizing and staffing the state events, handling protest and appeals from coaches and athletes in their respective states, and recommending state directors to the national organization. State directors should be a member of the State Youth Shooting Sports Committee. States may adjust program as they see will best fit their state goal to help grow the USAYESS program within their state.

USAYESS STATE EVENTS

All USAYESS state affiliates are expected to host one USAYESS State Championship on a yearly bases. The State Championship is to be open to all youth organizations which have a competitive shooting program. State Championship events are to be stand-alone tournaments. Where possible all there American venues of American Skeet, Sporting Clays and American Trap, should be held at one location.

STATE DIRECTORS

It is recommended that each of the disciplines that are represented in the state should have a state director. The disciplines represented would normally be American Trap, American Skeet, Sporting Clays, and the International Games. The state director is

responsible for administering their discipline in that state. State directors are required to work with other state directors for the overall good of the program. State directors are expected to provide their state association, and head coaches with up-to-date program information, maintain open lines of communication with teams and gun clubs, work with the state wildlife agencies and conservation groups to develop cooperative agreements, work with the state NGB association to grow and develop the program.

The state directors are appointed annually by their state association and must reapply yearly with the National Organization. There are no automatic re-appointments from one year to the next. The state director must be a certified coach, must be a supporter of the USAYESS program, and must be experienced in coaching and refereeing the respective discipline.

The National Program may or may not choose to reinstate a regional director of development, state director, head coach, assistant coach, or adult volunteer with or without cause. If an individual is not reappointed the individual may appeal the decision to the USAYESS Board of Directors. The decision of the Board of Directors is final.

PROGRAM CHANGES

USAYESS encourages and welcomes its members to feel free to make recommendations which they feel may help simplify and or improve the program. Recommended changes must be sent to the Committee chairperson. All recommendations will be reviewed by the Program Committee. All recommendations will be reviewed and discussed with the committee during the annual conference call. All committee recommendations will be reviewed by the USAYESS Board. The USAYESS Board will review and may make some changes to the recommendations before implementing and recommendations. Changes will be implemented the upcoming year. The committee chairperson may contact the person making the recommendation for further clarification if need be.

DISPUTES

Following is the proper method to resolve disputes that may arise out of the program. The first step is to resolve the issue at the local team level. The second step would be to appeal to the state director. The third step would be to appeal to the state association. The next step would be an appeal to the national program executive director and finally to the board of directors. The decision of the board of directors is final.

All appeals must be in writing and first submitted within three days of the incident. The complaint must specify which USAYESS rule or policy was violated and how it was violated. The statement must contain the date of the violation, the specific location of the violation, and the names and contact information of any witnesses.

The appeal to the association must also include a \$100 certified check. After hearing the complaint if the decision is in favor of the petitioner at either the state or national level, the \$100 will be returned. If the decision is not in favor of the petitioner the \$100 will be added to the National Scholarship Fund. The appeals at or above the state director must be filed within five days of the prior decision.

Disputes must involve a specific violation of a USAYESS rule or policy. The appealing party must be registered with USAYESS and be a member in good standing of a USAYESS team. If the appeal is by an athlete the head coach and parent must verify and agree with the appeal.

Rulings by the state association and the national organization must be in letter form and send by certified mail or another signature required method of delivery.

USAYESS COMPETITIONS

COACHING

No coaching is allowed once the tournament starts. Coaches are not allowed to enter the field of play. The only exception is with Rookie teams/athletes. In which case the coach may be on the field to ensure safety, but no coaching is allowed.

Should the above rule be violated a first warning will be issued. The second warning will result in a one target deduction for the athlete. Should there be a third occurrence the athlete or team may be disqualified.

ELIGIBILITY

Any member of a national youth organization, which has a competitive shooting program is eligible to compete in any USAYESS regional and national competitions. Additional non-member entry fees may apply. The athlete must be part of a youth competitive shooting team. The head coach must register the athlete and certify that the athlete is familiar with the games and can handle a firearm in a safe and responsible manner. The shooter may attend the event as an individual providing they are accompanied by the coach or other responsible adult. USAYESS age divisions will apply at all USAYESS competitions.

USAYESS State affiliates must allow any youth or teams to participate in their events, whether members of USAYESS or not. The only requirement is that the athlete or team is a member of a organization which has a competitive shooting program. A non-member fee may be applied.

USAYESS tournaments are not required to be registered events, but each state is free to structure their events as they see fit.

USAYESS State affiliates are required to host a collegiate state championships in conjunction with their grade school state championships. Each tournament is to have separate scoring and awards.

TIME ALLOTMENT BY EVENT

Sporting Clays: Sporting Clay squads are allowed 2-3 hours to complete a round of 100 targets.

Trap: Trap squads are allowed 1 hour to shoot 100 targets.

Skeet: Skeet squads are allowed 1.5 hours to shoot 100 targets.

In the event that a trap or skeet squad is over the allotted time by 15 minutes (providing

there is no weather or mechanical delays) the squad may be moved to an alternate field to finish the round. Please do not loiter between rounds.

Coaches are not allowed to be on the field of play and or coach. In Sporting Clay the coach may coach between stations. In Sporting Clay, only the first shooter is allowed to view the sequence.

COACHES WITH MULTIPLE SQUADS

If a coach has more than one squad, they must ensure that an USAYESS assistant coach is assigned to each squad to ensure all shooters are present and at their field at least 15 minutes ahead of scheduled time. USAYESS athletes and members are responsible for picking up their own shells and debris after they are finished shooting. Keep the facility clean & debris free. This includes bottles or any other items that may have been brought onto the field and the rest rooms.

STATE/REGIONAL/NATIONAL CHAMPIONSHIPS

Every USAYESS state affiliate must host a USAYESS state championship that is open to all youth organizations which have a competitive shooting program. The championship must consist of all three American disciplines of Skeet, Trap and Sporting Clays. Where possible the state may choose to include the International disciplines of International Skeet and Trap singles. To save on time and travel, when facilities allow, events should be combined and shot on one weekend. USAYESS tournaments are to be stand-alone tournaments and are not to be combined with any other event. Individual states and programs may require participation in the state and/or regional championship to qualify or participate in the USAYESS National Championship. Athletes should check with their state or program director to find out about specific state or program requirements.

All USAYESS regional and National tournaments will use iClays as a form of registration and scoring. States may use their own programs or use iClays. If iClays is used, it must match the national template. There may be extra fees if the state chooses to design their own registration and scoring program through iClays. Payment for all regional and national championships must be made five (5) days prior to the event start date. If payment is not made five (5) days prior to the event, the registration could incur a \$20 late fee. No refunds will be issued once the event starts.

American Style Disciplines

American Trap, American Skeet, Sporting Clays (if a walkthrough sporting clay course is not available the state director may conduct the state sporting clays championship on a 5-Stand)

International Style Disciplines

International Skeet, International Bunker Trap (bunker trap may be shot on a wobble trap field)

Rule exceptions must be listed in the match program or posted before the event starts. Other than posted rule exceptions National Governing Rules will be used for all events.

800-THE-NWTF

COURSE OF FIRE

Every state must host one YESS State Championship annually in all three American disciplines of Skeet, Sporting Clays and Trap. Where possible states should also host Olympic games in International Skeet and Trap (singles).

At the State level, Novice, Intermediate and Senior Division Athletes and Teams must shoot a minimum of 50 targets but no more than 100 targets in all American disciplines of Trap, Skeet and Sporting Clays. In International disciplines teams must shoot no less than 50 targets. If International events are Junior Olympic qualifiers (J.O's) they must be registered with USA Shooting (USAS), and athletes must be registered members with USAS. USAS rules must apply. USAS will supply all promotional material and medals. J.Os must apply to USAS to host these events.

Where available. International Trap & International Skeet will be separate from the Main Event and will not be included in the HAA. Space for International Games will be limited to field availability and on a first-come, first-served.

AWARDS

States purchase their own state tournaments, and state championship awards as they feel will best represent their state and keep interest in the program. If requested, USAYESS will help states contact companies that handle awards and medals.

INDIVIDUAL AWARDS

Individual awards in the three American venues should be handed out to the top three men, and top three ladies in each division. Individual awards should be no less than three deep (Champion, Runner-Up and 3rd.) Individual awards are recommended to be given for all disciplines at the state championship. Individual awards must be a minimum of three deep, male and female, novice, Intermediate, and senior age divisions.

SQUAD AWARDS

Each coach will select squads of five shooters and a team may have multiple squads in multiple disciplines. Only coach selected squads will be included in the squad competition. Squads are separated by age division but not by gender. *Coaches are not required to field the same squad for each event. Coaches may have different athletes on a squad for different events.* Squad awards must be a minimum of three deep in novice, intermediate, and senior age divisions.

INDIVIDUAL HIGH ALL AROUND AWARD

Individual HAA awards are recommended to go three deep. Individual HAA awards are gender specific. To qualify for HAA the athlete must shoot all three American style events. In the event the state championships are held on multiple weekends the scores will carry forward and the team and individual HAA should be given out at the last event.

TEAM HIGH ALL AROUND AWARD

All team members should be encouraged to participate in the USAYESS state championships. The team HAA is the top five individual scores, regardless of division or gender, from the three American style events.

STATE TEAM AWARD

Each state shall select five (5) athletes from within their state regardless of team, division or gender, to represent their state at the USAYESS National Championships. Selected athletes are not required to shoot as a squad. Selected athletes must belong to a team consisting of a minimum of five (5) athletes and must have competed in a USAYESS state or regional championship. Selected athletes must be turned in to the USAYESS national office fourteen (14) days prior to the start of the National Championship date.

ALL AMERICAN TEAM:

The USAYESS All-American Team will consist of the top HAA five men and top five ladies at the USAYESS Nationals in the following divisions: Novice, Intermediate, Jr. Varsity, Senior and College divisions. Athletes must be USAYESS members, must have competed in their state's YESS tournament and in all of the national's HAA qualifying events. Each of the thirty athletes will receive an All-American patch.

States must send the list of athletes who attended their state championship and will be attending the USAYESS nationals. This list must be received by the national office no less than three weeks prior to the national championship.

SHOOT-OFFS

Following is the recommended shoot-off procedures for state, regional, and national championships. These procedures stay as close as possible to the recommended NGB shoot-off rules taking into consideration the limited time at the end of the event and the squad and team format. If a state chooses to use other shoot-off procedures, those procedures must be in the match program and posted at the event before the event starts. In the event of severe weather or other catastrophic event, the shoot-off rules may be amended by the State Director and at least 3 Referees or officials present. Otherwise, shoot-off rules may not be changed after the first shot has been fired at the start of the championship. Shoot-Offs may be changed without notice due to weather and or sunlight conditions.

Only 1-3 place ties are shot off. All other ties are broken first by maximum long run (front to back), then if still tied, back to front.

To save time shoot management may elect to shoot off two or more age and gender divisions at the same time, but still score the divisions separately. Should a competing party in the tie be a no-show after the 15 minutes call, the no-show will automatically be a forfeit.

The final format of the shoot off will be determined the day of the event, and will be based on the number of ties to be broken, time available to break the ties, generally accepted tie-breaking formats, and weather. If a tie cannot be broken due to unforeseen circumstances such as severe weather or catastrophic event lasting more than one hour, the results will be declared a tie and duplicate awards will be presented. In the event of a tie prize money or endowment funds the money for the two appropriate places will be combined and split evenly with the tied individuals, squads or teams.

INDIVIDUAL SHOOT OFFS

American Skeet- American Skeet shoot-offs are skeet doubles from stations 3, 4, 5 miss and out. Shooting order is stations 3, 4, 5, 4, 3 moving from station 5 back to station 4 is low house first then high house. Shooting order will be determined by draw of lots or a flip of a coin.

International Skeet- International Skeet will consist of one pair from station 3 (h-l) - two pair from station 4 (h-l) and (l-h) and one pair from station-5 (l-h). The shooter with the most broken targets will be declared the winner. If still tied, repeat sequence until a winner is declared.

Sporting Clay shoot-offs may be shot on a 5-stand field. In both Sporting Clays and Five Stand shoot-offs shoot management will select four (4) true pair to be shot from one (1) station. The true pair used in the shoot-off must not have been used in the preliminaries rounds. Shooting order will be determined by draw of lot or flip of coin. Each shooter will shoot the same four (4) pairs from the same station, one athlete at a time. After all shooters have shot the greatest number of broken target will be declared the winner. If there is still a tie, the procedure will be repeated with four (4) new pairs from the same station, and the greatest number of broken target will be declared the winner. If there is still a tie a new true pair will be presented and shot rotating the starting shooter until a winner is declared.

American Trap-American Shoot-offs . The first round of the shoot-off will be from the 22 yard line, two targets from each post, most targets broken wins. Shooting order will be determined by draw of lots or a flip of a coin. If there is still a tie, the next round will be two (2) targets from each post, from the 27 yard line, most targets broken wins. If there is still a tie, repeat from 27 yard line.

American trap shoot-offs with two athletes will be shot from post 2 & 4, with three athletes shoot-offs will be shot from post 2, 3 & 4, with four athletes, shoot-offs will be shot from posts 1, 2, 3 & 4.

International Trap – International Trap shoot-offs will consist of two targets from each post (one shot per target) from each post. Athlete with most broken targets will be declared the winner. If still tied, repeat sequence until a winner is declared.

SQUAD SHOOT-OFFS

All squad members are required to report for the shoot-off. Failure to have all members present when the shoot-off is ready to begin will result in a forfeit. In the event multiple squads are missing members, when the shoot-off is ready to begin, the squad with the most members present will be declared the winners. If both squads have the same number of missing members the shoot-off will commence and missing members will not be allowed to join the shoot-off once the first shooter of the shoot-off is called to the line.

American Skeet - American Skeet shoot-off rules are skeet doubles from stations 3,4,5. Shooting order is stations 3, 4, 5, 4, 3 moving from station 5 back to station 4 is low house first then high house. Team shooting order will be determined by draw of lots or a flip of a coin. The shooting order of the team members may be determined by the team or the coach. All shooters from all teams will shoot station 3 doubles. The top

team with the most broken targets will be declared the winner. The process will repeat according to the above station order until there is a winner.

5-Stand- Sporting Clay and Five Stand. Sporting Clay shoot-offs may be shot on a five stand field. In both Sporting Clays and Five Stand shoot-offs shoot management will select one (1) true pair from one (1) station. The true pair used in the shoot-off must not have been used in the preliminaries rounds. Team shooting order will be determined by draw of lot or flip of coin. The shooting order of the team members may be determined by the team or the coach. All shooters from all teams will shoot one (1) true pair from the same one (1) station. After all shooters have shot, the greatest number of broken target will be declared the winner. If there is still a tie the procedure will be repeated with one (1) new pair from the same station. If there is still a tie a new true pair will be shot from the same station. Until a winner is declared.

American Trap-American Trap Shoot-Offs: The first round from the 22 yard line will consist of two (2) targets from each post. most broken targets will be declared the winner. Shooting order will be determined by draw of lots or a flip of a coin. If there is still a tie, the next round will be shot from the 27 yard line; most broken target will be declared the winner.

TEAM HAA SHOOT-OFFS

The top five shooters that shot are those who will participate in the shoot-off regardless of age or gender. These five shooters will be the team HAA squad. No substitutions are allowed for the HAA Team shoot-off squads. The top five HAA team members are required to report for the shoot-off. Failure to have all five members present when the shoot-off is ready to begin will result in a forfeit. In the event multiple teams are missing squad members, when the shoot-off is ready to begin, the team with the most squad members present will be declared the winners. If both teams have the same number of missing squad members the shoot-off will commence and missing squad members will not be allowed to join the shoot-off once the first shooter of the shoot-off is called to the line. Rules are skeet doubles from stations 3, 4, 5. Team shooting order will be determined by draw of lots or a flip of a coin. The shooting order of the team members may be determined by the team or the coach. All shooters from all teams will shoot station 3, 4, 5 doubles.

Sporting Clays and Five-Stand- Sporting Clay shoot-offs may be shot on a five stand field. In both Sporting Clays and Five Stand shoot-offs shoot management will select four (4) true pair from two different stations. The true pair used in the shoot-off must not have been used in the preliminaries rounds or other shoot-offs. Team shooting order will be determined by draw of lot or flip of coin. The shooting order of the team members may be determined by the team or the coach. All shooters from all teams will shoot at four (4) true pairs from each of the same one (1) station. Where there is a 5-Stand, the 5-Stand may be used for the shoot-off in both Sporting Clays and 5-Stand.

American Trap- The first round of the shoot-off will be from the 27 yard line. Team shooting order will be determined by draw of lot or flip of coin. The shooting order of the team members may be determined by the team or the coach.

If after totaling all broken targets from all three shoot-offs the teams are still tied, teams will select one athlete to represent the team and repeat sequence until a winner is declared.

REGIONAL AND NATIONAL REGISTRATION PROCEDURES

REGISTRATION

The only method of registration for a Regional and National Championship is online on the USAYESS www.usayess.org/events, go to the event of choice, or if you're familiar with our registration process, you may go directly to iClays. For registration questions or help, please contact Mike Borg, at mike@usayess.org or call 831.229.4872. All events will be closed 5 days prior to event date.

PRACTICE ROUNDS

All practice rounds will be handled through the facility's club house cashier.

SUBJECT TO CHANGE

Please keep in mind that tournament schedules, squadding and this program are subject to change. Although we make every attempt to maintain the published schedule, target malfunctions, weather and other items are out of our control. It is the responsibility of competitors and/or coaches to check the schedule and squadding daily and most importantly in the evening. Updated information will be posted to the web site and at the range. USAYESS is not responsible for missed flights, airline change fees, missed squads, stolen equipment, etc. Please keep this in mind when making your travel arrangements, schedules and while at the events.

R.V. SPACES

R.V. spots may be available at some facilities. To reserve your spot please contact the club Manager.

CANCELLATIONS/REFUNDS

USAYESS cancellations refunds will be accepted up to seven days before the event. Any cancellations after the seven day deadline will not be refunded.

GOLF CARTS

Please contact the club manager to reserve golf carts.

STRAIGHT CLUB

All athletes at all USAYESS Regional and National Championships are eligible to receive straight recognition in competition; 25/50/75/100 in skeet and or trap. If an athlete hits their first straight in the same event, they will receive the appropriate iron-on straight patch/patches to apply to their shooting gear. Practice straights do not count. If they hit 100 straight targets in the same event for the very first time they will receive a 25, 50, 75 and 100 Straight patch, a rocker and a t-shirt. T-Shirts will be mailed to the athlete's home address. All Straight Club members are recognized on the USAYESS website. Patches may be purchased by visiting our store at: www.usayess.org. Straight t-shirts with the trap or skeet Winners-Circle complete patch are available for purchase.

REPRESENTATION

USAYESS state associations, USAYESS teams, other organizations, and individuals are not allowed to use the national organization to solicit financial contributions or in kind items from third parties. In addition, the 501c(3) status of the national organization is not transferable and cannot be used to solicit contributions that are used by anyone other than the national organization. If a state is interested in applying for a 501c(3) they should contact the national organization. Any exception to the above policy must be in writing and signed by the Executive Director and CEO.

TAX DEDUCTIBLE STATUS

USAYESS organizations must be careful about claims of tax deductibility when soliciting funds for local and state events. USAYESS is an organization built on integrity. Before making claims of donations being tax deductible state and local affiliates should check with their local financial advisors. The national USAYESS organization is not responsible for any action taken by state or local USAYESS affiliates. The state and local affiliates shall be solely responsible for collecting, recording, disseminating, substantiating and reporting all contributions or support they receive. Teams are encouraged to be state non-profit. This can be accomplished by going to the Secretary of State's website and filling for non-profit status with in the state.

Together, we are making a difference.

“USA Youth Education in Shooting Sports”, “USAYESS”, USAYESS® logos, “Breaking Basics”, “Break-A-Clay”, “YESS”, “Youth Education in Shooting Sports”, and “Coaching for Success” are trademarks of the national USAYESS organization. USAYESS affiliates, in good standing, are entitled to use these trademarks to promote their youth shooting programs. Permission may be revoked, by the national organization, at any time with or without cause. Third party organizations and non-affiliated teams must have written permission the use the proprietary trademarks and logos.

PROGRAM CHANGES

The USA Youth Education in Shooting Sports Program reserves the right to make any changes without notice.

Notes

Rock Solid Stability. Every Single Shot.

Lyman's new line of shooting rests give you a stable shooting platform, at the perfect height, every time.

All of our Shooting Bags are made from heavy duty, 600D nylon with micro-suede padding on rifle contact points. They are also equipped with a non-slip rubberized base to keep them stable and in place during use.

Lyman's Bag Jack makes it easy to adjust the elevation of your rifle and bring it into line with your target, while also allowing you to maintain a comfortable shooting position.

Comfort and stability, easily adjusted to your exact specifications, puts you right on target with every shot.
